MEET OUR STARS: DANA & DMITRY

Voices that Bring
the World's
Most Beloved
Musical to Life

American-born performers Dana Hammett and Dmitry Iogman are the heart of the Private Sound of Maria Tour. Inspired by the beloved story of the singing family from Salzburg, they've transformed their lifelong passion into a magical live experience—right where the story began.

Dana first fell in love with the film as a child watching a borrowed VHS tape. Originally from California, she moved to Salzburg to study voice at the renowned Mozarteum and built a successful career as a singer. Her performances are known for their emotional depth and charm, especially in roles inspired by Maria. Dmitry's journey began similarly—he was captivated by the film one night before bed. Since then, his international career has taken him from Europe to the Americas, performing a wide repertoire and even singing alongside Plácido Domingo.

Now living in Salzburg, Dana and Dmitry perform at the original movie locations, together with a certified guide. Their voices and stories make each stop a heartfelt tribute to a timeless classic. **Join us and experience the magic—where every note and every view tells a story.**

Sometimes, it takes just one moment to change everything.
